

Dear Maria del Pilar Escobar/Maxim Vershinin

After having verbal and written contact about your project, I am interested in supporting it; my interest is special because the thesis to obtain my degree was directed to receptive tourism for people with disabilities, and social projection to our local communities. I think this could be a great opportunity to work together to try and provide aid to these very special people of my city, so they will have a future chance to be an active part of the society.

The company I work for is a travel agency that I manage under the name of TUNKY TRAVEL SERVICE, with tel-fax +51-84-272017, cell 51-84-984 652627 and email [tunkytravelservice@hotmail.com](mailto:tunkytravelservice@hotmail.com). Our web page is currently under construction.

During the time I have worked in tourism, I had the opportunity to receive the visit of physicians that come to our city to provide help and do social work in the centers that shelter children with disabilities; they arrive from Europe, USA and other countries, and they also do existential tourism in the country side communities, sharing customs and experiences with them.

That being said I am willing to provide unconditional support as I mentioned before, towards the project that you are willing to make a reality.

Without other particular I wish you success with your goals

Cordially,

Vilma Miranda Pinedo

General Manager
